

NORTH YORK MAKES FIGHTING FINISH

Education For Girls In Services, Declares Padre

By Major T. H. Stewart, M.C., E.D.,
recently returned from overseas

(An R.C.A.F. mobile recruiting unit visits Newmarket next Thursday. Major Stewart has a daughter in the C.W.A.C.)

An integral part of Canada's fighting forces are the women in the uniform of the various services. They do a valuable work, performing many military duties, and make possible the transfer of men to more active jobs.

What can a girl get out of the service? It will rest to a great extent with herself what she gets and what she gives. I want to tell you some of the good things of service life.

First on the list I would put good health, the opportunity that service life gives you of getting fit. The value of a strong, healthy body is fairly obvious, I think, to any girl whatever her job in civilian life may have been. The majority of girls have not had a chance to develop their bodies when young, or to keep them fit as they grow older.

In the service it is different. It is true to say that one of the main objects of service life and training is to turn out healthy, strong soldiers. You may take advantage, then, of this opportunity; of the good food and regular meals; of the open air life; of the sports, and in a few months you will find you will be able to do physical things like marching long distances without fatigue that would have been impossible in civilian life.

Next on the list I would put new ideas and new interests, that service life cannot fail to bring to every girl. War takes you away from your home town or village, shows you new places, and makes you meet all kinds of different people with different jobs and different ideas from what you have.

War will take you to many parts of Canada or even of the world you never dreamed of seeing a few months ago. This is all to the good, I feel. If one keeps one's eyes open to compare the various ways of living of other people, one will be able to see more clearly what is valuable in this country and compare the two. I hope all women of the service will make the most of the opportunity to broaden their minds and keep their eyes open to all the new interests around them, so that when they go back to civilian life they will be wiser and better citizens.

In the next place I would mention comradeship, one of the best things that service life has to offer the women. Service life offers many more opportunities for real comradeship than civilian life. When things go wrong, or when you feel fed up it is a great thing to have a good friend to help. Remember that friendship means unselfishness. In the years to come you may be quite sure that the memory of these friendships will be one of the good things the war has given you.

Davis Employees Go Over Top, Help Speed Victory

Employees of the Davis Leather Co. Ltd. climaxed their fifth Victory loan campaign effort by over-subscribing their quota of \$20,750 by 21 percent.

The final figure by Saturday noon, Nov. 6, was \$25,150.

A meeting of all the employees was held in the plant on Oct. 27 with Frank Laskier, veteran merchant seaman of this war, being the guest speaker.

Rev. Henry Cotton, veteran of the last war (1914-1918) and an R.C.A.F. padre during the earlier part of this war, and Capt. Aubrey Davis (1914-1918), president of the Davis company, also spoke briefly.

The plant was organized into four sections, which created a competition amongst the employees. All sections exceeded their objectives with No. 3 leading up to the last day, when No. 2 came along with a final spurt to finish in the lead with 134 percent. The final percentages are as follows: No. 2, 134; No. 3, 127; No. 4, 120; No. 1, 110.

The committee in charge was well supported by the plant executive, who gave the committee a free hand to help put the objective over the top.

The plant executive also purchas-

LIONS FURNISH NEW HOSPITAL WING NURSERY

A \$500 gift to York County hospital was voted by Newmarket Lions club on Monday evening. The money is to be used to furnish the nursery in the new Margaret Davis memorial wing. President Fred Thompson was in the chair.

On behalf of the budget committee, of which Frank Bothwell is chairman, H. E. Lambert announced the greatest program of "good works" in the club's history. A considerable amount of money is still to be raised.

Donations included \$100 to Newmarket Children's Aid, \$25 to the Hospital for Sick Children, Toronto, \$25 to the Ontario Society for Crippled Children, \$250 to the Newmarket Veterans' overseas comforts fund (to cover two mailings of cigarettes, one already made), \$500 to Lions British Child War Victims fund, to look after five children for one year.

Other work planned includes \$25 for boys' and girls' work, \$250 for child welfare, \$75 for dentistry, \$100 for milk for needy youngsters, \$75 for eye-sight cases, \$300 for tonsil cases, \$350 for playground supervision and equipment, \$750 for Air Cadets and \$500 for Lions' park upkeep and improvement.

Mr. Lambert announced a total budget of \$4,425.

He also announced a gift of \$1,000 to the club, through N. L. Mathews, K.C., Miss B. E. Lyons and Joseph Vale, as executors of the Donald H. Sutherland estate. Mr. Lambert said that it had been left to the executors to decide to what cause this money should be given. He asked that the club not use this money at the present time, but to earmark it for post-war use.

Mr. Lambert also announced a club budget of over \$900, detailing how the fees collected from the members would be spent. Club fees, he said, are kept in a separate bank account and take care of club expenses.

Used Clothing Exchange Is Home And School Plan

Mothers note with increasing alarm the inadequate supply of children's clothing now procurable, according to the Home and School Association. Parents and the Newmarket Home and School Association are arranging a children's clothing exchange, where good, clean apparel, which some child has outgrown, may again be put to use by others.

This plan has worked in many centres, it is said, and the results are proving a blessing in disguise to the average mother.

Newmarket Quiz Winner Honored At St. John's

When pupils from schools in York North met in a Victory loan quiz competition, eight-year-old Rodney West, son of Mr. and Mrs. Arthur G. West, Millard Ave., Newmarket, and a Grade III pupil at St. John's school, distinguished himself as the Group C winner.

A ceremony was conducted at the school last week to honor the winner. In the presence of Rev. Dr. W. D. Muckle, Mrs. West, and the assembled pupils and teachers, Rodney was the happy recipient of a \$5 war savings certificate, presented by Victory loan officials, J. M. Walton and H. L. Trapp. They commended the winner on his achievement, his knowledge and the way in which he conducted himself.

They also thanked the teachers and pupils for their keen interest and co-operation in the contest. After congratulatory words from Dr. Muckle, Katherine Ewing expressed appreciation of the efforts of the government in promoting such a worth-while competition.

VISITING CLERGYMEN DEDICATE CHAPEL

The opening and dedication of the Bresee memorial chapel took place at the First Church of the Nazarene on Sunday morning.

Rev. Leonard Slingerland, Holt, conducted the service, assisted by Rev. Wm. Clark, Aurora, and Rev. L. E. Sparks, minister of the church. Mr. Clark opened the chapel and during the service gave a brief inspirational address on evangelism.

Mr. Slingerland preached the dedication sermon, basing his remarks on the dedication of Solomon's temple. He especially urged the members to a further dedication of themselves to God, and said he predicted great achievements for the Newmarket church. He then offered the dedication. Mrs. L. E. Sparks rendered a beautiful soprano solo.

RECALL THOSE WHO GAVE LIVES 1914-18

Mrs. E. N. Penrose, whose son, Lieut. Harry Penrose, was killed in action during the Great War, laid a wreath at the war memorial on Sunday at the service conducted by the Newmarket Veterans' Association.

The Veterans, led by the Citizens' band, paraded to the memorial, then to St. Andrew's Presbyterian church for a special Armistice Day service.

Perrin's Flower shop gave one of the wreaths.

INTEREST IN FARMER

Farmers will welcome John Bracken's statement of Progressive-Conservative farm policy, summarized as follows: 1. Equality for farmers in the Canadian economy; 2. The maximum contribution of agriculture to the welfare of the Canadian people; 3. The conservation, as well as the development, of our greatest heritage, the storehouse of wealth in the upper foot of the nation's soil.

When Mr. Bracken went on to expand his three points into 30 steps we can imagine Premier King, who at about the same time as Mr. Bracken was speaking, made a four-point pronouncement (quoted in our last issue) of importance to farmers because of its emphasis on the need for removal of tariff barriers, commenting, as Clemenceau did on President Wilson's 14 points: "He is worse than le bon Dieu. Le bon Dieu had only ten points."

TO THE EDITOR

Editor, The Era and Express: Question—Really a question to the Newmarket Speaker rather than to The Era and Express: Did the C.C.F. advocate the family allowances which the Speaker pins on them? Maybe so, but I thought the suggestion came from dominion government and was a sort of straw in the wind.

First Lady: "She wanted me to have a finger in the pie, but I smelt a rat and nipped it in the bud."

Second Same: "Lor', Mrs. Arris, 'ow you do mix your semaphores."

Use E. and E. classifieds.

We understand it is to secure the names of families who are not attending church and to turn the names over to the churches with which they regard themselves as being affiliated. The churches then would make an effort to interest these people in attending.

The fact that many people do not attend church is not, we think, a matter for alarm. It has been "ever thus." As long as the church can dominate the community with its philosophy of help-your-neighbor it does not matter how that philosophy gets about, whether by radio or reading or contact with those who do attend church.

We wish the churches well, and we know that the church survey will be productive of much good, but we do not think that the churches will have to install much additional seating accommodation.

NOW WE'RE TALKING

The world outlook is to us definitely more encouraging. We are not thinking of Prime Minister Churchill's prediction that the European war will end next year, for we are with those foolish optimists who are always hoping that the end is just around the corner. Early in 1930 we thought, with many Torontonians, that the great Shriner convention that was to come and did come to that city that summer would bring enough money to Toronto to end the depression!

Less important than when the war is going to end is what the end of the war is going to begin. Our encouragement arises out of the Moscow conference promise of a new League of Nations to keep the peace, the U.S. senate's vote in favor of participation in some form of world peace organization, and Mr. Churchill's own reference this week to "the larger world structure that will be erected to secure the peace and freedom of mankind."

Of People And Things

A GLIMPSE OF CITIZENSHIP

By Isabel Inglis Colville

I should have written this "A Glimpse of Citizenship," as seen by Mrs. Hayes, for I am only reporting in part what she gave us at the joint meeting of Vandorf, Gormley and Pine Orchard Institutes, held at Vandorf Community hall on Friday, Oct. 29.

Mrs. Hayes has personal magnetism, eloquence, and a flair for exactly the right word in the right place.

The meeting opened with "The Maple Leaf." Then Miss Jean White sang, and sang well, "We'll Never Let the Old Flag Fall."

After this your scribe said a few words of welcome and introduced Mrs. Hayes. There has been an awakening of interest in citizenship since the beginning of the war, but there has been too much generalization—too little getting down to brass tacks, the contribution each can make has not been stressed enough.

Most of us have been PASSIVE—good citizens, that is, we have kept out of jail, paid our taxes and our debts and let it go at that, and, of course, the world would be a better place if everyone were even passively good.

But the trend of the times demands more, we must be ACTIVE—good citizens.

Armed force cannot permanently secure democracy; it could be lost by the indifference of the common citizens like ourselves.

Democracy is not apt to demand of the women of Canada the laying down of our lives, but it DOES ask for continuous effort to accomplish the innumerable, small unimportant things as we go on.

First, as active good citizens, we must inform ourselves to be educated good citizens.

We must study democracy and familiarize ourselves with differences between that form of government and others.

We should understand the set-up of dictator states and so be able to guard our own democratic institutions against any insidious spread of enemy propaganda.

Institutes should sponsor study groups. There is lots of invaluable material—lists of books on democracy which can be obtained with very little effort.

Begin by applying your knowledge of active democratic citizenship in local units. Attend school meetings—learn the set-up of your school government and aim to have a woman on every school board in Ontario.

Women should study our municipal set-up and so take an intelligent interest in elections and should have a decidedly contributory voice in municipal government.

Women's lack of interest in provincial administration is appalling and a sad commentary on our appreciation of what the franchise cost our pioneer voters.

If we DON'T take an interest we should not find fault with anything the government does. We should not be contented, but we should have a fair idea of our own importance. Christ stressed the importance of the individual. We can each help to sway public opinion—what we say to husband, children, butcher and baker is important. It all helps sway public opinion—and be careful that it is the right sort.

The good citizen regards her actions carefully, and tries to ensure that they are always for good. Never compromise with evil—if we had made a firmer stand in the liquor question, that problem might have not assumed its present proportions.

We should support the church, when we consider the contribution

the church has made to democracy. We should afford it every support in our power. We should support all democratic institutions in our midst, church groups, welfare groups and institutes.

In dealing with the difficulty in securing leaders for organizations, Mrs. Hayes said it was not lack of ability—the difficulty went deeper.

Children should be educated to accept responsibility—this should be taught just as other fundamental character-builders are taught.

It's much easier, said Mrs. Hayes, to sit back on the sidelines and criticize than to accept a position and try to fill it to the best of your ability. Lack of time should be no obstacle if we learn to put first things first. Lack of education can be overcome if we are honestly and earnestly desirous of doing our bit.

We must, in short, learn what is enduring and put our time to that. It won't matter, in a few months, if we didn't sweep under the beds before coming to the meeting, but it WILL matter if we do something toward a better community. We should all help and encourage. A president should not be a maid-of-all-work—the more work and responsibility taken by the members—the better the institute.

Never leave a president to face one of those embarrassing pauses when she has asked for expression of opinion.

What we do is the best we can do, it will be a real contribution.

We must measure up sacrificially, to bear the burdens wherever we meet them. The W.I. has a great obligation to meet in the post-war world.

It must be the custodian of all that is best in our customs, helping to assimilate the best in the people from Europe who will form part of the new Canada, but keeping out the age-old hatreds, feuds and strife—we must be good citizens.

Enthusiastic applause and expressions of appreciation greeted the finish of Mrs. Hayes' talk.

Mrs. Colville sang "Love Is Meant to Make Us Glad" and Canada Ever, and the meeting closed with God Save the King.

A fire, believed to be of incendiary origin, burned two ordnance corps workshops at Camp Borden on Saturday morning. The fire lasted for three hours.

Japanese forces landed from four to seven miles northwest of the United States beach-head of Bougainville on Sunday night. Severe fighting is in progress. Allied planes are attacking the enemy. Twenty-one barges put the Japanese ashore.

Prime Minister Churchill has predicted the end of the European war in 1944.

Finland offers to sign a peace treaty with Russia if allowed a voice in the negotiations but will "never surrender unconditionally."

The German command has erected a new "winter line" across Italy directly in front of the present Allied position. The Allies are still advancing against strong resistance.

At an evening meeting in the information room it was revealed that Wm. M. Mandel, director of research, American Russian Institute, would be in camp on Nov. 12 to speak to the regiment on aspects of Russian life. It was also learned that Prof. Saunders of the history department of the University of Toronto, would visit the camp on Nov. 16 to speak on aspects of Russian history.

It was further discovered that a class in typing and shorthand for H.W.E. personnel is to begin in the near future to help improve the administrative efficiency of the regiment and to help improve the opportunities for post-war employment of those taking the classes. About 30 so far have enrolled for the five-month two-nights-a-week course. It is also planned to start a handicrafts and art course soon at this centre for all ranks. On the evening of Nov. 18 the information room executive will show and discuss three educational films, "Inside Fighting China," "The Mask of Nippon" and Kokoda and Milne Bay.

On the evening of Nov. 2 it was the pleasure of the officers' mess to entertain a number of guests from No. 26 C.A.(B.)T.C., Orillia. The group was headed by a likeable gentleman from the west, Col. Lancaster, new officer commanding No. 26, who with a few words and a pleasant smile made a most favorable impression. Col. Lancaster was accompanied by Major S. K. Lount, Major John Toogood and Capt. R. White. The mess entertained as well a number of gentlemen from the town of Newmarket who were headed by the Citizens' committee's inspiration, Mr. Harry Lambert, who gracefully sidetracked an invitation to tell one of his famous stories with a glowing tribute to this centre's fine showing in the Victory loan drive. With Mr. Lambert were Mr. Frank Bowser, Mr. Jim Law and Mr. Frank Courtney.

Later on in the evening the troops enjoyed the stage revue, "Red, White and Blue," which was presented on the stage of the drill hall.

On Nov. 4 the centre was visited by Col. Begg, D.S.O., and Major Hankey of A-33, C.A.C. In the evening the officers enjoyed their regular weekly bowling upon which Renfrew reports:

The third week of the bowling opened with a goodly crowd on hand. There might have been more, but some of the members decided they needed a course and so were not present.

Bill Woods and his fellow men started early, along with the "Moaners" and Gillespie's gang. Woods' boys excelled themselves. Perhaps being early was so unusual. However, they were good enough to collect four points (not by default either).

Woods himself hitting the top with a 306 single and 830 for high three (nice bowling Bill). "Splints" Bishop rolled a nice 601 (noble six hundred Campbell of the "Moaners" rolled a nice 648 net). "Bernice" Boyd, our charming lady member, rolled well over the century each time (nice going, Bernice, we expect to see you out every time).

Gillespie's gang eased off and gave their opponents a chance (nice sportsmanship, lads).

"Don" Hines, our "admirable" P.S.O. got off to a bad start, but after getting unwound rolled two nice games. "Charlie" Milton, our quiet but deep squadron commander, rolled very steady to a count of 460.

For the late comers Kennedy's Kolts managed to secure a point by dint of hard work. Just tough luck did them out of rolling in their usual championship form.

"Rog" Clarkson and "Robbie" Robinson worked hard and are "champs" in the making. "Doc" Yak Kennedy and "Major" Cordingley were in there punching and with these "stars" the Kolts should have garnered more points, but perhaps next week will tell another story.

The Ramrods led by the grand old man of the game, F. J. White, put up a hectic battle and are to be reckoned with. 'Tis said Lou Weissgerber's smoke screen baffled many.

The gunmen were unlucky and should have rolled nice scores, but some one nailed some of the pins down. Perhaps Jack Macnab furnished the nails.

The regiment has made truly grand showing in the recent Victory loan campaign, thanks to the energetic direction of Col. Young and the hearty co-operation of the paymaster's staff and the local campaign committee, headed by Major Clarkson, assisted by salesman extraordinary Lieut. Fred J. White. Including the C.W.A.C., the engineers and the dental attachment, the camp subscribed \$46,550. This figure becomes all the more impressive when it's noted that the camp is half as strong as it was last year when \$35,450 was

subscribed. The camp topped its quota by \$23,000 and last year's total by \$11,000. The C.W.A.C. is to be especially commended for having subscribed \$3,100. Why AREN'T THERE AS MANY NEILSON'S CHOCOLATE BARS TODAY?

• First of all, there are wartime restrictions on the use of raw materials. Then, too, many more people today want to buy Neilson's Chocolate Bars... some for their overseas parcels. Others, who are working hard, find these nourishing chocolate bars so helpful.

So you see it is because of the greatly increased demand for Neilson's Chocolate Bars that they seem to be scarcer than they really are!

A WONDERFUL NEW WORLD

Indications point to a wonderful new world when science and industry divert their wartime knowledge and efforts into peaceful channels. New discoveries and improved manufacturing facilities give promise of amazing new aids to better living.

Good eyesight will be more important than ever . . . eyes will have so much more to do. If the strains and stresses of wartime conditions reduce the efficiency of your eyes, your enjoyment of the post-war world will be greatly reduced. Preserve your eyesight for the future, take the necessary steps now, consult a competent eye authority . . . it's so easy to have your eyes professionally examined.

WIDELY KNOWN LADY DIES, MRS. R. H. HUGO

A resident of Newmarket for nearly 42 years, Ida Ruth Hugo, wife of the late Richard H. Hugo, passed away at her residence, Gorham St., on Thursday, Nov. 4.

Although in poor health for many years, her death was a shock to her many friends and relatives. Only three weeks had passed since the sudden death of her only brother, J. W. Widdifield, Siloam, Uxbridge township, and this contributed greatly to Mrs. Hugo's death. Two days previous to her passing Mrs. Hugo suffered a heart attack and stroke, from which she never gained consciousness.

Ida Ruth Hugo was the eldest daughter of the late Watson Player Widdifield and Annie Frankish and was born on the Widdifield homestead, settled by her great-grandfather, at Siloam, Uxbridge township, on Nov. 10, 1874, the year of Confederation. She received her education in Siloam and Uxbridge, teaching school in Alpena, Mich., until illness of her mother brought her home.

In 1897 she married Richard H. Hugo at Siloam and in the first years of their married life they conducted a store in Columbus, near Oshawa. They later moved to Toronto, where they continued in business, then coming to Newmarket about 1901. Mr. Hugo died in 1924.

Mrs. Hugo was always a faithful member of Trinity United church until health prevented her from attending. She took an interest in the W.M.S. and Women's Association of the church. Always a devoted mother, she loved her home and her work and was active until a week before her death.

The passing of Mrs. Hugo brought to an end her immediate family, her two sisters and a brother having all departed within the space of little over two years. She is survived by four sons and one daughter, Sgt. Howard Hugo, at Newmarket camp, Herbert and Ross Hugo, Newmarket, L. Cpl. Kester Hugo, Orillia camp, and Mrs. V. Noble of Kirkland Lake, and also by five grandchildren.

The funeral was conducted by the Rev. Henry Cotton at her late residence on Saturday, and was largely attended. Interment took place in the Siloam cemetery. She was buried beside her brother near the church she loved dearly. A short service was held at the graveside, where old friends and relatives from the surrounding district gathered to pay their respects.

CHRISTADELPHIANS

The scriptures long ago foretold that prior to the return of Christ to the earth, the world would be indifferent to God's word. Critics, clerical and otherwise, have sought to undermine its authority so that the scriptures today find little credence among ordinary men and women. As in the days of Noah, pleasure and the social life was all that mattered but the flood came. Matt. 24, 37-39; 2 Pet. 2, 5; 1 Thess. 5, 2-3; Gen. 6, 5-8; 2 Tim. 3, 1-5. Read "CHRISTENDOM AS TRAY" in all public libraries or from HOWARD TOOLE, MT. ALBERT, or THOMAS BRIGGS, PEPPERLAW, R. R. 2.

AURORA PAID CIRCULATION EXCEEDS 250 COPIES

SINGLE COPIES, 5 CENTS EACH

DOWN THE CENTRE

Charlie Smith, the Aurora boy who reached the heights in the turf world as he rode "Ten to Ace" to a King's Plate victory, has hung up his riding togs for the duration. He is first-class Private Smith now, as "Can't Win" trains with the American army at Camp Upton in New York state. There is no cavalry in this war either. Smitty, who had taken out part of his American citizenship papers, tried to enlist with the Canadian army but was rejected.

Real spirit has been shown by one of North York's best known athletes. Bill Wilson, dark-thatched Newmarket lad and one of the greatest hockey products turned out by Aurora juniors, joined the navy last year and this summer was honorably discharged. He then made application to join the air force and was accepted for air crew duty. At present he is stationed in Hamilton but will shortly be transferred to Toronto.

Last year Billy was leading goal-getter for Toronto navy in senior hockey and one of the best forwards in the league. Now he will be playing for Joe Primeau's pigeons, in defence of the Ontario title, and against his former

buddies too. Wilson, after leaving Aurora, played with Young Rangers and then in northern Ontario. Nothing would please the sports fans more than to see Bill get a championship medal this season.

Johnnie Penderbury, who played junior hockey for Etobicoke Indians against Aurora juniors a few years ago, and then played some fine commercial hockey in Toronto, graduated as a pilot-officer at Almyer a few weeks ago.

Sign of the times. Already, with the hockey season but a pup, an unprecedented play has taken place. Pittsburgh and Providence are keen rivals in the same league, yet when Providence faced a game with no defence, the Hornets loaned them defencemen "Chuck" Shannon and Ross Knipfel, and the game counted in the regular schedule too. Only in case of injuries heretofore has a loan of players been allowed between clubs in the same league.

Ronnie Rowe, former Markham junior, counted upon by Galt juniors as one of their 1942-43 aces, has received another army call, this time, according to all we hear, will be inducted into the army. Last year he was called but reject-

ed. We wondered along with a lot of others why Rowe, who had a pre-season trial last year with Toronto, was not given a whirl by the moneyed ranks this winter. Now it can be pretty well guessed. The pro moguls knew what was about to happen. If Rowe goes it will be a severe loss to Galt, who has already lost "Doc" Prentice, to the Leafs, and several others.

Lorne Evans, backbone of Milton's good junior team of two years ago, and last season with Toronto Marlboros, has joined the navy and will likely be available for duty in senior O.H.A. The round Evans was twice beaten by Aurora that season but otherwise played sensational hockey and last winter was practice netminder for the Leafs.

Speaking of goalies, we note that Don Sutherland, who played last winter for Owen Sound Orphans against Aurora R.C.O.C. and this season had a trial with Toronto and just failed to make the grade, has enlisted with the R.C.A.F. and so will be available for Joe Primeau's charges. Last winter Primeau had trouble with his netminders. Now he has a surplus, including Johnny Mowers of Detroit, "Duke" Scodarello of Trail, Eley of Hamilton and of course Sutherland.

Owen Sound will be back in action again this winter with a fairly strong intermediate club but of the team that faced Aurora in the semi-finals, aside from Sutherland, Buchanan is with the R.C.A.F. at Hagersville, "Bun" White is at Brampton camp and will be seen in action in the local hockey group. Bruce Small is somewhere in Canada, and Jim Boddy is stationed at Camp Borden. Quite a change in a year, but it is the same all over the country.

Jimmy Garlick of Willowdale, whose North York A.C. team sent Gord Fanning, Harold Pugh, Dave Murray and Irwin Brown to Aurora juniors a few years ago, has been named coach of Marlboros A.C.

minor teams, showing the extent to which the Toronto Leafs are going in for the development of their own products these days.

Garlick, in case you forget, was coach of T.C.C. juniors the year they won the dominion junior championship, back in 1920, with Roy Worters, Lionel Conacher and other big names on the team. He also handled "Dit" Clapper with Parkdale Juniors. Two years ago he just about coached Aurora juniors but changed his mind.

New rule for O.H.A. minor series this winter, which will undoubtedly be passed at the annual meeting on Nov. 20, provides that junior A and B teams may use juvenile, midge and bantam players on their teams and that these boys will still be able to go back and play in the lower series no matter how many games they have played in the higher series. It is manpower shortage again, but the same rule applies in lacrosse and we know of nothing that has done more to kill the minor series in the gutted stick game than that same rule.

The bigger centres are undoubtedly given a stranglehold on all titles by such a rule, as boys who play consistently in a minor series are penalized by meeting in competition fellows who, on sheer ability, regardless of age, are sure things for a higher series and should be playing there all the time.

Not much can be done if such a rule is passed, but we have noticed that once a rule gets on the books it is mighty hard to get it removed, especially if only the small town clubs want it erased.

Stan Walker, former Aurora tannery softballer and hockeyist, is now an artillery officer at Petawawa. "Mr. Walker," who hails from Burlington, was a good hardballer before he came to Aurora, then played a nifty second sack at softball and last winter was one of the leading scorers in the town league. Stan, graduated from Brockville late in October and we know a lot of the boys, if they had their choice, would be proud to serve under him.

Morley White, who guarded the

portals for Midland last winter, and did a swell job too, is a paratrooper now and on course at Fort Benning, Ga. Morley was our second choice for goal last winter in the group all-star team and, with a better team in front of him, might have carried Midland further. He has a long and honorable career behind him.

Midland, from what we learn, could use a fair sort of team this winter, despite the fact that Arnold Kiseack, a junior from Penetang, is on service. So is Vic Valentine of the Shipbuilders. Jack Sager, Roy Scott, Sib Brodeur, Fawc, Wilcox, Jack Shuppell and Joe Antonio of Orillia are still available for ice duty, while Buck Abbott, who is still sailing the lakes, will also be ready for action. That gives them a pretty fair start if they find a goalie. Bun Deschamps, a forward of other years, is said to be ready to take a stab at filling the nets.

Bill Hancock, former Newmarket and Oshawa coach, is still in Penetang and not in very good health, we hear, but still as interested as ever in this winter sport. Jonville hockey appears to be the best that Penetang can hope for this winter.

Tommy Stewart, former Midland-Penetang star and last winter a favorite with the crowds at Newmarket, where he scintillated for No. 23, is now overseas with the infantry.

Jack Schmidt of Sutton juniors and intermediates is stationed at Camp Borden, but with the new army ruling that players are to move on when their training has been finished and not kept on for hockey he is not likely to see any action in Ontario this winter. N.C.O. and special courses are bound to keep a good many puck-chasers at all the centres, and of course there are those who have low category.

Jack Portland, former defenceman for Boston Bruins and Les Canadiens, now at Borden with the army service corps, was one of the largest purchasers of Victory bonds at that centre. Portland invested \$1,100 in security for the future.

Manny Feder, who a few years ago was hardly persona grata with Ontario racetracks and race owners, and later was mentioned in connection with certain "social clubs" in the Toronto-Lakeshore district, has now turned to racing as an owner and has two entries filled for the famous Orpen cup and saucer race. Mr. Feder now resides at Eversley, where he intensively carries on the prosaic occupation of farming and cattle-raising on a large scale. He was host this year to the local plowmen's association, and has been most generous to local charities. Time marches on.

O. J. Hardwick, owner of the Bolton arena and a great booster of minor hockey, has been re-elected to an executive post on the O.M.H.A. Mr. Hardwick is one of the pioneers of the association, which is affiliated with the O.H.A. Once again the North York district was not represented by a single club. Jack Christie of Marlboros was elected secretary of the association and the veteran Fred Wagborne, who has been tolling prodigiously for years for the kids in all branches of sport, is also on the executive committee.

"Tommy" Thompson, who coached Barrie Colts when Aurora played junior B hockey, has been appointed to handle the new Bowser A.C. in the metropolitan commercial loop at Bayview. The Bowser club, in their first year in sports, won the Davisville honours over Newmarket camp and should do all right in hockey.

Gordon DeLaat, an ace sniper for Aurora R.C.O.C. hockeyists last winter, will be seen in action for the Stafford entry in the Metropolitan league this winter and perhaps for M.D. 2 depot. In addition to his hockey feats, DeLaat is one of Ontario's best amateur golfers.

Kenny Holmes, popular referee with fans of the district, is due for another heavy season, and has also changed jobs. Formerly with the Toronto street cleaning department, Holmes has now blossomed forth as a commercial traveller, and those of you who have had dealings with Kenny will know he is well placed and will be able to talk his way in and out of most situations.

Jimmy Walker, former maestro of hockey at Aurora, is having pressure put on him by Newmarket kids and fans to lend a hand with the game in Newmarket, and it can be taken as read right now that James, despite any pleas of business pressure, etc., will be on hand for duty once the ice arrives. Will seem kind of funny to see him in action against Aurora this winter.

Arbor Vita, one of Canada's best three-year-olds who ran second in the King's Plate, is now the property of Aurora-born John Stuart, now race enthusiast, and since last week we learn that Mr. Stuart has been able to purchase five or six other equine beauties for spring action. Jack loses no time once he decides on his course.

Howard Gifford, member of a former well-known sporting club, is now with the R.C.A.F. in Toronto. Howie was the least able of three able Aurora brothers who were in action on all sports fronts in the 20's.

Oldest brother Roy Gifford was one of the best ball-players ever in play in the York-Riverside group and while he played both lacrosse and hockey with ability he couldn't stand up to the ruggedness of either game. "Griff" is now located in Rochester, where he is in war work with an optical company.

QUEENSVILLE
Honor Roll Unveiled
At Queensville Church

Among the many who have gone hunting are J. L. Smith, Byron Aylward, F. Cunningham, Harry Hulce, Chas. Milstead and F. Milne.

Mr. Wm. Henry has returned from the hospital in Toronto and is progressing favorably.

Miss Jean Kavanagh is spending a few days at her home recovering from a cold.

Four members of the C.G.I.T. took up the task of selling poppies on "Poppy" day, Saturday. Mrs. Sennett's United church W.A. group served lunch at James Wright's sale last Thursday, with profitable results.

Boys in the services who were at their homes over the weekend were Tom Sticklewood, Leon Case and LAC Clair Smith, who is home on furlough.

Mrs. Fred Selarsky, Saturday evening at a miscellaneous shower in honor of Miss Margaret Sticklewood.

Large congregations attended the 54th anniversary services of the United church on Sunday. Rev. Malcolm McDonald, Toronto, was the speaker for the day. In the morning he emphasized the need for a forward movement in the church and took as his text, "Launch out into the deep."

In the evening he stressed the need for greater consecration, calling for his theme, "What is it to be a Christian?"

The church was well filled when an honor roll containing the names of the boys in the forces was unveiled. Albert Newall, a veteran of the last war, unveiled the roll. At each name was called a flag was placed in a container by Sgt. Tom Sticklewood and LAC Clair Smith. There are 12 names on the roll.

Four boys are in England, one in Labrador and one on the high seas. The minister, Rev. Hugh Shannon, read a cable from ACI Murray Huntley, now in England, expressing his wish that the anniversary be successful.

There was a good attendance at Queensville Baptist church last Thursday, the closing night of the special meetings conducted by Rev. Dr. Leo McCabe Johnson, Knox Presbyterian church, Toronto.

People were present from Newmarket, Mount Albert, Markham and Zephyr. A large group was present from the Maple Hill Baptist church. Mr. and Mrs. Sid Kerr of the Maple Hill church brought inspiring messages in song.

Mrs. Dove, who has been quite ill at the home of her daughter, Mrs. Frank Blanchard, is greatly improved.

There will be a change in the hours of service at the Baptist church for the winter months, beginning Sunday, Nov. 21. Bible school, 2 p.m., and worship service, 3 p.m.

The HEART of HYDRO

Hydro is a living thing. It takes people . . . their hands and brains and hearts . . . to keep Ontario supplied with power in uninterrupted flow.

Producing power for Ontario's needs is Hydro's number one job. A veritable army of men is required to keep this power flowing at peak efficiency. For Hydro is much more than mighty power plants . . . much more than the transmission lines you see striding through the countryside.

Hydro is the employees who keep the power plants producing, who guide and co-ordinate the constant flow of energy through the transformer stations. It is the employees who patrol the lines that carry power to far-off mills and mines, to roaring industrial plants, busy stores and offices, comfortable homes, peaceful farms.

Hydro is the families of those employees who have set up their homes in city and town and country . . . and, perchance, deep in the isolation of wilderness and forest.

It is these . . . and all the other co-operative men and women employees . . . who have put life into Hydro, made it a living organization devoted to the benefit and service of Ontario.

Just now their efforts are directed mainly to producing power for victory and essential uses, but, after the war, they will be ready again to provide the full peace-time service so essential to the development and progress of this province.

Yes! The heart of Hydro is people . . . employees and consumers alike . . . both necessary . . . both partners in a great public enterprise. For today . . . as in the past, and in the future . . . the success of Hydro is dependent on both the faithful service of the employee and the wholehearted support of the consumer.

YOUR BANKS are more extensively regulated than any other Canadian business.

Canada's ten Chartered Banks are subject, under the Bank Act, to the most thorough-going regulation. For instance:

The annual audit—conducted by Chartered Accountants appointed by the banks' shareholders—is submitted to the Department of Finance. The Department may call for further special audits, and in addition maintains regular inspections of the banks' affairs through the Inspector-General of Banks, who is obliged by law to examine the banks' books at least once each year.

Then there are monthly returns to both the Department of Finance and to the Bank of Canada. The Minister may also call for special returns at any time.

All this in addition to the Bank Act's extensive regulations covering such phases of banking operation as reserve requirements, types of transactions permitted, interest rates and note issue.

These regulations are for the purpose of safeguarding your savings and guiding the operations of the banks as an essential element of our national life.

"I agree that there is some responsibility on the part of the pedestrian when walking on the highway to walk in such a way that he is facing the traffic," commented Magistrate W. F. Woodliffe in York County police court at Newmarket on Tuesday when dismissing charges of dangerous driving and careless driving against Frederick Lewis, 134 Prospect St., Newmarket.

Mr. Lewis had pleaded not guilty to the charges.

According to Miss Hazel Smith, Yonge and Eagle Sts., near Newmarket, she and Tpr. Cecil Williams had been walking east on Eagle St. shortly after 8 p.m. on Oct. 1, when a car driven by the defendant and also going east, struck herself and her companion. Questioned by Crown Attorney N. L. Mathews, K.C., she stated that she had been walking on the shoulder of the road and Tpr. Williams on the pavement.

"I remember pulling him off the side of the road," she testified. "The car hit him and knocked him several feet ahead of me and it knocked me down."

"Were you injured?" asked the crown.

"My ankle was hurt," replied the witness. "Mr. Williams received some cuts on the back of his head." She added that Mr. Lewis stopped his car and came back to see if they were injured, then took them to York County hospital.

Questioned by defence counsel, Miss Smith said that Tpr. Williams, who was stationed at Camp Borden at the time of the accident, was now overseas.

"Your worship, Friday, Oct. 1, at about 8.45 p.m., I investigated the accident," testified County Constable Ronald Watt. "I saw the accused, Mr. Lewis, Tpr. Williams and Miss Smith at the hospital. Williams had received head injuries, there was a bump on the back of his head. His left hand and fingers were cut and he was shaken up. Miss Smith complained of a sore ankle."

"Mr. Lewis told me that he was the driver of the car. I questioned him as to what had happened. He stated that he was coming east on Eagle St. when the accident happened. He said that the lights of a car coming from the opposite direction blinded him. He said that he did not see either Miss Smith or Mr. Williams prior to the accident."

"What were the weather conditions that evening?" asked the crown.

"It was clear and dry and the visibility was good," replied the officer. He stated that there were no skid marks on the road and that when he examined the defendant's car he found the right head-light twisted and brush marks on the right front fender. He found the brakes in good working condition and the lights in a "fair condition."

"I understand the accused is an amputation case of the last war," further stated the witness. "He was a special pedal contraption on the car to drive. I understand that he is a cook in the merchant marine at present."

In his defence Mr. Lewis told his worship that it appeared to him as if the soldier had stepped out in front of his car. He said that he did not see either pedestrian prior to the accident, as they were walking at the side of the road. He said that he pulled up immediately after hitting Mr. Williams. He had been driving between 15 and 17 miles an hour.

Questioned by his counsel he stated that he had had his leg amputated at the hip in the last war. He has lived in Newmarket for a period of three years.

"There might have been some negligence but I don't think there is enough to convict him of dangerous driving," stated his worship. "I find conflicting evidence. Miss Smith says that Mr. Williams was walking on the pavement and she pulled him off. Mr. Lewis says that he was off the pavement and stepped in front of his car. I can quite understand a driver not noticing a person off the highway. I think the accused is entitled to the benefit of the doubt."

Found guilty on a charge of failing to attend a parade of the Queen's York Rangers, of which he is a member, in Aurora on June 24, W. Jackson, 224 Carlton Ave., Toronto, was fined \$5 and costs or five days in jail. Charges of failing to attend parades on July 8, Sept. 16 and Oct. 1 were withdrawn with the consent of Capt. Earl Bales, officer in charge.

According to Capt. Bales, the defendant enlisted in the militia on Sept. 24, 1942, and had failed to appear at parades since April 8 of this year. The officer stated that Mr. Jackson had not given any excuse as to why he did not attend or communicate with him.

It was stated that Tpr. Jackson told his worship that he had had a sore back since joining the militia and was unable to attend the parades. He said that he had been to camp and complained to the doctor while there. He admitted that he had had scars on his back when he enlisted and that he was placed in category "A."

"I think that you were in good enough condition to go to the parades," commented Magistrate Woodliffe. "When you joined the militia you took on a responsibility. I'm sure that if you had told your commanding officer the reason for not being able to attend he would have understood and let you off. Remember this, that in future every time that you miss a parade you will be fined \$5."

A similar charge against Pte. R. Thompson, R. 2, Newmarket, was dismissed, when the youth's father testified in court that the defendant was 16 years of age and too young to join the militia.

Capt. Bales told his worship that the youth had attested that he was old enough to enlist. He stated that to enlist the youth must be 17 years of age.

Found guilty on charges of exceeding the speed limit on Yonge St., Tpr. B. Borden, 1000 Borden St., was fined \$15 and costs. Provincial Constable Alex. Ferguson laid the charge. A similar penalty was imposed on C. A. Boden, Toronto, for exceeding the speed limit in North Gwillimbury. Constable Carl

ed, is employed in a tannery at Glen Falls, N.Y. Howard turned in some good relief work on defence for Aurora juniors and occasionally filled in for the hardballers. The Gifford home incidentally, being located close to the Aurora town park, was more or less headquarters for the ball team.

Wilkie Fleury, another all-round Aurora athlete of the same vintage, back from overseas action, and honorably discharged, is now a member of the Toronto fire brigade and narrowly escaped serious injury in the liquid ammonia fire at a Toronto packing plant which took the life of one of his comrades.

Al. Stephenson, tall basketballer for Aurora high teams a couple of years ago, and last year a member of Toronto, Central Y eagles, has joined the R.C.A.F. and is stationed in Toronto. A brother is overseas with the fliers. Of the North York senior interscholastic champs of 1942 of which Al. was a member, Bill Griffith, Doug. Nisbet, Ted Kerr, Bill Thompson, Craig McKenzie (overseas), Pete Hughey and Alan Crossley are all on active service with the "captains of the clouds." The other two lads who were on the team are still at high school.

Ted Sheridan, another former Aurora cager and one of the best too, will wed this month Agnes Irene Milks of Ottawa. Ted, who is at Rockcliffe on ground crew duty, met his future bride in the capital city. She is the niece of Air Marshal J. A. Sully of the R.C.A.F.

Golfers at the well-known Quilchena club at Vancouver, B.C., keep "hep" to the times, according to an army friend of ours who recently returned from furlough and whilst at the west coast enjoyed relaxation on the links. A sign at the club says: "Attention of all members is called to the fact that young boys and girls are now being employed as caddies. It is therefore requested that members be particularly careful of their language while on the course."

A Sunday-school class of little girls and their teacher were much amused on listening to Andy Clarke's broadcast last Sunday when he mentioned the "housewives" they had made and given to the Red Cross here. LAST ROSE OF SUMMER
By GOLDEN GLOW

It is really the most amazing autumn, and, hard to believe, flowers are still blooming in Newmarket gardens. I actually saw delicate, tender nasturtiums in flower today, Nov. 9, in the flower border on the east side of my neighbor's house.

Lawns are still a vivid green and cabbages and Swiss chard are still flourishing in our kitchen gardens. At one place I saw beautiful monthly roses with plenty of bloom, and pansies and heaps of marigolds in other people's as well as my own—and chrysanthemums and Michaelmas daisies. It really seems like a miracle, for we have had plenty of frosty nights. However, I heard over the radio this morning that a snow storm was sweeping down from Canada over the western States, and storm warnings were out on the Lakes. So I decided it was time to bring in my hanging baskets off the two verandahs and store them for the winter. It does not seem possible that they still were untouched with the frost, but they were quite normal.

Yes, it is November—and one of our poets aptly describes it this way: "The melancholy days have come, the saddest of the year," and goes on in several verses to tell about the leaves falling and littering the ground, and the "wailing winds" and "dripping rain," and the cattle in the fields so disconsolate—in fact, painting a picture of dreary misery and drab outlook.

Well, no doubt it is all true, but wouldn't I just love to show him the flaming barberry bushes that make such a vivid splash of color in many gardens all over our town! Talk about the "burning bush"—it fairly glows with a flame-like radiance and makes as pretty a picture as anyone could wish. You just can't discount nature—she uses her paint brush and scarlet coloring to give us beauty even in our dreariest month of November.

Queensville Boy Wins Beginners' Plow Prize

York County Junior Farmers concluded most of their activities for the year at a three-way banquet held in the Masonic hall, Richmond Hill, last Thursday night, when the annual Junior Farmers' home plowing competition banquet was combined with the county judging competition and girls' achievement day banquet.

Gordon Orr, Maple, president of the York County Junior Farmers, acted as chairman for the banquet. William L. Clarke, deputy-revee of Markham, who judged the plowing competition, made a few suggestions as to how the competitors could improve their plowing another year.

Although the number of contestants in the home plowing competition was a few less than previously, they made up for this loss in quality of work. The championship land for which the MacGregor trophy is awarded was won by Robert Timbers, Stouffville, in the open tractor class. The winner of class 3 and the Eckardt tea service was Allan Orr, Maple.

The plow donated by Floyd Perkins, Richmond Hill, was won by Jack Baldson, Queensville, who plowed in the beginners' class. The winner of the Massey-Harris plow donated by Clarence Graham, Woodbridge, was President Gordon Orr, Maple. A special prize was won by Marjorie Hart, Victoria Square, in class 7, open to girls only.

Norman Tyndall, Richmond Hill, won the McLean memorial trophy for the second time, for best land in the boys' and beginners' classes. The William Doherty special, donated to the youngest plowman, was won by Norman Watson, Woodbridge.

The county judging competition and girls' achievement day, postponed from June, brought out 60 contestants.

Ten classes of five different types of stock were secured from four different breeders, namely, Don Head Farms, Richmond Hill, Leitchcroft Farms, Gormley, Ontario Hospital Farm, Langstaff, and Charles Walton, Kettleby.

The high senior man and winner of the Hon. George S. Henry shield was Jack Macklin, Agincourt. The high junior man and winner of the Geo. B. Little shield was Garfield Bennett, Agincourt.

Specials: purebred Yorkshire sow to the grand champion contestant, Jack Macklin; purebred Yorkshire boar to the coach of the high junior team, Douglas Miles, Milliken. His team members were Ray Ingelton, Agincourt, Bruce Little, Agincourt, and Joe McGriskin, Agincourt.

FARMER DOESN'T PLAN WITH OTHER FARMERS

The first of the series of Farm Radio Forums of the Newmarket East group was held Monday evening at the W. H. Wilnot home, Sharon.

The subject, "Planning for Plenty," was discussed after listening to the national broadcast. "We should plan to prevent over abundance of one product and scarcity of another, and equitable distribution should prevent hunger and want, nationally and internationally," the group agreed.

"The shifting of economic values, as may happen after the war, requires corresponding alterations in farm plans and causes radical changes in farm work. Market conditions, soils and climatic conditions, capital resources, farm layout and the individuality of the farmer all indicate that the farmer should plan ahead and according to his own situation."

"Rotation of crops and livestock production is planned locally but as a group farmers plan little or nothing," it was agreed. "A sound knowledge of experimental work should be followed with careful observation of the successful farmer. It takes years to achieve results in many cases and crops play such an important part. One farm woman said that with the scarcity of grain and scarcity of help this year they should have grown turnips at 15 cents each instead of producing 75 pigs. Unless cheap credit can be secured to bring grain in, the farmer takes the loss and it is no small one."

The next meeting will be at Bruce McNeill's on Monday evening. Anyone interested in the forum is urged to attend.
